Address:

Biltmore Park, Asheville

Price:

450.00 \$

Special custom-made loft bunkbed with shelves up top, soft headboard, hidden shelf, and curtain beneath for hours of kid play.

This bed loft was very solidly built with 4x4s and 1x8s. It doesn't wiggle. It can be painted into whatever colors match your child's bedroom dreams.

The bed includes many special qualities you can't find in a store-bought furniture loft. This custom made bed loft will last a long time-- the materials and fabric cost nearly \$1000. The bed loft is only a few years old. My daughter has outgrown her room design.

Check out the loft-- fabric headboard; cool shelves with hidden shelf storage; fabric curtain on bottom for your child to have a little fort under the bed or for imagination play.

We have disassembled the bunk and marked pieces for reassembly.
