2013 Volkswagen CC 2.0 Turbo Sport + Package - gray

\$5,800 cash only

- 139,600 miles

- up to date on all maintenance with records available and only ran premium fuel

- paint in good shape, I've waxed and clay barred the vehicle twice a year. Some minor dings/scratches on hood and bumper along with some rub scratches on wheels

- interior like new

- new tires 11/2018

- new water pump and intake manifold decarbonized in 7/2018

- new AC compressor in 5/2019

- new serpentine belt, tensioner & alternator pulley 2019

- car rides better than the day I got it. A check engine light comes on and off and gives a P2015 code. Dealer told me it in in regards to the intake runner position and has no effect on the vehicle. The repair would run \$500 of predominantly labor since the manifold is difficult to remove on VW. Contact Brian @ 251-986-8909 by phone or text @ 248-520-4615
